

5 STATEMENT OF POLICY

Aegina Technologies Ltd is committed to the health, safety and welfare of its employees and non-employees on the company premises. This commitment will be demonstrated by the undertaking of all reasonably practicable activities to eliminate or, where this is not possible, minimize and control the risk of personal injury or ill health resulting from workplace activities. Successful implementation of this policy requires achievement of the following policy objectives:-

- Recognising, assessing, documenting and controlling all significant risks to health and safety
- Taking all responsibility practicable actions to eliminate or reduce risk.
- Providing safe buildings, plant, work equipment, services and developing safe systems of work.
- Arranging for the safe use, handling, storage and transportation of articles and substances at work.
- Providing sufficient information, instruction, training and supervision to promote a positive attitude to health and safety by all employees.
- Ensuring all contractors and visitors are given appropriate and sufficient information, instruction and training to assure their health and safety whilst on Aegina Technologies premises.
- Providing a safe and healthy work environment, including the provision of adequate and appropriate facilities, to provide First Aid to all persons who are injured or become ill whilst on company premises.
- Create and implement appropriate health monitoring programmes for those personnel exposed to actual or potential hazards to health.
- Monitoring and anticipating changes to legislation concerning workplace health and safety.
- Developing and implementing an effective audit process to monitor achievement of the listed policy objectives.
